Harmar Mobility produces lift and ramp products that enhance people's mobility, independence and quality of life. Products include Inside, Outside and Hybrid Auto Lifts, along with Single-fold and Multi-fold Portable Ramps.

HYBRID LIFT SYSTEMS

Hybrid Lifts provide the ultimate in convenience and simplicity of use by combining the best of both inside and outside lifts into unique solutions.

OUTSIDE LIFT SYSTEMS

Harmar is the leader and benchmark all others look to for ease of use, quality and performance. Models capable of fitting Class I, II or III hitches.

INSIDE LIFT SYSTEMS

The universal design of Harmar's inside lifts with lifting capacities from 200 to 400 lbs. allows installation in virtually any vehicle.

ACCESS RAMP SYSTEMS

Designed for ease of use at home or while traveling. These commercial quality ramps are built to access vehicles, landings and other unkind elevation changes.

INTRODUCING ...

America's Leader in Lifts & Ramps

Harmar Mobility designs, engineers and produces American made lift and ramp products that enhance people's mobility, independence and quality of life. Our products include a complete line of Auto Lifts and Access Ramps.

Harmar Mobility products are available exclusively through a nationwide network of authorized dealers. Customers receive care from the nation's top mobility dealers. Harmar's dealers will assist in determining the best product to fit your needs and budget. It is imperative to have an authorized Harmar dealer demonstrate, install and service your Harmar lift.

Harmar's lifts and ramps are designed and built with the "Harmar difference" - they are simpler, stronger, lighter and easier to use.

Chad C. Williams
